WordPress Websites

We have 3 packages for websites with specific scope:

Lite Website \$1,995

A basic 5 page WordPress website to get you started so that you have a beautiful website that is designed for you to generate leads. Even though it's basic, it has the foundations for you to easily build a bigger website and e-commerce integration. The website is designed for you to easily self manage so that you can make any content changes yourself. We also provide you a User Guide at the end of the project to help you navigate the functions. If you would like us to help you with content or additional web pages(\$120 per page), we can do that for you for a fee.

Business Website \$5,940

Same as Lite Website with all of the features but it is a 40 page website.

E-commerce Website \$8,940

Same as Business Website with e-commerce integration for up to 5 products.
